FEAST AND FAMINE IN A GLOBAL WORLD
FOOD: COMPARE & CONTRAST:
PALMS BISTRO BUFFET VS BALLY’S STEAKHOUSE
BY SELINA ABAI

BACKGROUND
The strip is known for its flashing lights, water show, Hotels & Casinos, and the restaurants and buffets. Within the city of Las Vegas there are 2,187 restaurants and over 300 buffets. The food chain in Las Vegas is rapidly growing with more industries and companies opening.

METHODS
My method/target was to compare and contrast the different between a restaurant and a buffet.

QUESTIONS
1) Where do you get the food products from since we don’t have resources in Las Vegas?
2) What types of products are brought to your facilities? (meat, dairy, product, etc)
3) Which product are ordered most (Which meat, grain, etc)
4) Where does your seafood products come from?
5) What happens to the leftover food that hasn’t been touched?

CONCLUSIONS
The majority of restaurants and buffets are the same. The Palm Bistro and Bally’s Steakhouse both get their products from different vendors (mostly from CA). Buts when it comes down to a hungry customer, the Palms Bistro Buffet could attract most people because of the variety of food.
