HEAD COACH AND ASSISTANT ATHLETIC DIRECTOR

JERRY TARKANIAN

1984 PCAA Coach-of-the-Year

1984 Basketball Times' Coach-of-the-Year

1983 UPI Coach-of-the-Year

For nearly a quarter of a century, Jerry Tarkanian's home has been the basketball court. Each year as he presides as the head of this prestigious household, he presides over programs such as this one which cannot be easily remembered—nor can anyone remember—or at least the past 23 consecutive seasons. For his 12th consecutive season, Tarkanian guided his team to a 32-3 record, establishing his third 300-90 title at the California Coli.

At the major collegiate level, Tarkanian has managed to attract the finest coaches of all time. For his 12th season, he has managed to attract the finest coaches of all time, and even though he has had a disappointing season, he still managed to win a California Junior College Championship and lead his team to a second consecutive season of 32-3.

In the 7 years of his coaching career at Riverside Junior College, Tarkanian managed to attract the finest coaches of all time, and even though he has had a disappointing season, he still managed to win a California Junior College Championship and lead his team to a second consecutive season of 32-3.

Among the top recruits Tarkanian has brought into the team, there is no doubt that George Trapp, Chuck Terry, Ed Ratliff, and Mark Ratliff have been some of the most successful coaches in the country. For his 12th season, he has managed to attract the finest coaches of all time, and even though he has had a disappointing season, he still managed to win a California Junior College Championship and lead his team to a second consecutive season of 32-3.

Tarkanian has been honored with other coaching duties throughout his stellar career. He coached in the NCAA Tournament Committee in 1980, and also coached the Junior College Olympic Team that same year.

A native of Euclid, Ohio, Tarkanian attended the University of Nevada at Las Vegas before graduating from Fresno State in 1954.

Jerry Tarkanian Up Close

1973-74 - 20-6

While at UNLV: Tarkanian was hired as UNLV head basketball coach on March 27, 1973, replacing John Baylor. The 1984-85 season will be his 12th at UNLV.

Overall Coaching Experience: Head Coach at San Joaquin Memorial High School, Fresno, Calif. (1966-67); Head Coach at University High School, Lancaster, Calif. (1958); Head Coach at Redlands High School, Redlands Calif. (1959-60); Head Coach at Riverside City College, Riverside, Calif. (1961-66); Head Coach at Pasadena City College, Pasadena, Calif. (1966-69); Head Coach at California State University-Los Angeles, Long Beach, Calif. (1969-70); Head Coach at the University of Nevada, Las Vegas, Las Vegas, Nevada (1973-present).

*Totals are for college only.
A MESSAGE FROM UNLV PRESIDENT
DR. ROBERT C. MAXSON

Dear Friends of UNLV:

I am happy to have this opportunity to express my greetings to you and to convey my best wishes to Coach Tarkanian and the Running Rebel basketball team for another successful season. UNLV's exceptional record in its athletic programs, along with the excellence and stature of achievement in this institution and the pride in the hearts of many throughout the city and region.

We are also aware, however, that this excellent basketball program is part of another success story, the remarkable growth and development of the University of Nevada, Las Vegas, as an important urban university. UNLV is fortunate to be a vital part of a wonderful cosmopolitan city

Dr. Maxson assumed the Presidency of the University of Nevada, Las Vegas August 1, 1984. He was previously Senior Vice President for Academic Affairs of the University of Houston.

Dr. Maxson received his doctorate from Mississippi State University in 1970. His major areas of academic interest and study have been educational administration and social psychology. Dr. Maxson and wife, Sylvia, have two children, Tod (20) and Kim (16).

Sincerely,

Robert C. Maxson
President

UNLV WELCOMES A NEW PRESIDENT!
DR. ROBERT C. MAXSON

Dr. Robert C. Maxson assumed the Presidency of the University of Nevada, Las Vegas August 1, 1984. He was previously Senior Vice President for Academic Affairs of the University of Houston.

Dr. Maxson received his doctorate from Mississippi State University in 1970. His major areas of academic interest and study have been educational administration and social psychology. Dr. Maxson and wife, Sylvia, have two children, Tod (20) and Kim (16).
For the 1983-84 academic year, the University of Nevada, Las Vegas has had each of its fourteen intercollegiate sports, with only two exceptions, represented in post-season, national competition. In addition, exactly half of those sports were ranked nationally in the top 20 at one time or another. Much of the credit for this outstanding intercollegiate record goes to UNLV's Director of Intercollegiate Athletics, Dr. Brad Rothermel.

Rothermel, now entering his fifth year as UNLV's Athletic Director, has built UNLV athletics to the point where the university is now very competitive at both the conference and national levels. Rothermel's philosophy while at UNLV has been that the function of the intercollegiate athletic program is to provide for student-athletes an environment in which those student-athletes are able to pursue excellence in selected extracurricular educationally related athletic activities. Furthermore, his objective for the programs is to win within the structure of the rules and the budgetary framework provided. The achievement of this goal is demonstrated by successfully competing against national championship caliber competition in all activities sponsored by the Department of Intercollegiate Athletics.

Prior to his appointment at UNLV in 1981, he was Associate Director and Business Manager for the Department of Intercollegiate Athletics at West Virginia University. From 1974 to 1976 he was employed as Assistant Director and Business Manager for the Department of Intercollegiate Athletics at Kansas State University. Rothermel supervised the intercollegiate athletic programs for men and women while serving as Director of the Division of Health and Physical Education at George Williams College in Downers Grove, Illinois, from 1971 to 1974.

From 1965 to 1967, he served as Supervisor of Counseling and Research Development while functioning in the capacity of Assistant Athletic Director of the University of Illinois Athletic Association. Prior to that position he was an administrative associate and coach for the Chicago National League Baseball Ball Club, Inc. (Chicago Cubs). In addition to his above mentioned athletic positions, Rothermel has served as an administrator in numerous educational, recreational, and financial environments. He also possesses coaching and experience as a competitor at all levels from elementary school through the professional ranks.

Rothermel received his Ph.D. in 1965 and a M.S. degree in 1961 from the College of Applied Human Life Sciences at the University of Illinois, Champaign-Urbana. He received his B.S. from Northern Illinois University in 1960.

Rothermel and his wife, Suzanne, a kindergarten teacher in the Clark County District, have two daughters; Beth, 15, and Christine, 11.

MARTIN WARKENTIEN

Assistant Coach

BOB KLOPPENBURG

Pavilion Coach

with the Cleveland Cavaliers. He then went to the Seat­

tle SuperSonics for two seasons as an assistant coach. Kloppe­

enburg then went to the San Diego Clippers as the defense­

ive coordinator. At San Diego, he coached all-star Bill Walton and Terry Cummings. Prior to his appointment at UNLV, Kloppe­

enburg spent one year as an assistant coach for the Wash­ington Bullets.

PERSONAL INFORMATION—Date of birth: 7-29-39. Als­

a Mater: Fresno State Univ. 1960. Kloppe­

enburg earned his master's in education at Whitter College in 1962. His wife Gayle was an elementary school prin­

cipal and a consultant for the San Diego School District for 20 years. He is the author of "BOS Pressure Defense" which will be released by Prentice Hall in 1985. Enjoys reading and traveling in his spare time. He and his wife have one son (Dary) and one daughter (Kim).

ERINIE A. BECKER JR.

at UNLV in 1985. His wife Pat is an elementary school prin­

cipal and the co-head coach at UNLV. Kloppe­

enburg left his third year with the Runnin’ Rebel coaching staff. Last season his coaching responsibilities included high school underclassmen recruitment and teaching defensive skills.

A graduate of Chicago High School in Los Angeles, La­

stead earned third team All-American honors in basket­

ball. Last season he earned CIF All-Academic honors his senior season.

COACHING EXPERIENCE—Kloppenburg has amassed

over 25 years of collegiate and professional basketball

experience. He was the head coach of the University of South­ern California and led the team to the 1980 NCAA

championship. Kloppenburg then went to Fresno State University and played basket­

ball for one year with the Bulldogs.

For all of us here in Nevada, living the life we want often means something a little different. But it always means something special. Most of all, it means working together.

And no matter the life you choose to live, First Interstate Bank of Nevada is committed to helping you live it.

Maybe it's making a move for the better with the help of a home improvement loan. Or planning for retirement with one of our IRAs. For some, it's a new car or recreational vehicle. Or a college education with a government-backed student loan offered only through First Interstate Bank of Nevada. Perhaps it's financial strength for that growing business. Or a consumer banking package that fits your individual needs.

First Interstate Bank of Nevada and you. Working together to help you live the life you want. Just as we've been doing for the past eighty-two years.
Automobile dealers in Las Vegas are contributing a large measure of help to the UNLV Athletic Program with membership in the UNLV C.A.R.S. (Courtesy Auto Resource System) Ltd. program — the loan of courtesy cars. Like other programs which are a part of Rebel booster activities, this project enables the UNLV Athletic Department to make greater use of its funds. These sports-minded dealers have earned a debt of gratitude from the Rebel Athletic Department. They are an important part of the "team" that helps make UNLV athletics so successful.

IT CAN'T UNWIND, OR FLOOD, OR BREAK UP, OR SHORT OUT, OR WEAR DOWN. ROLEX... WHEN YOU REALLY NEED THE RIGHT TIME.

When aquanauts probe dangerous depths, they know survival depends upon equipment. It must be tough, trusty, impregnable. Down there, timing is crucial. That's why true blue wear the Rolex Submariner-Date in 18kt. gold, or surgical stainless steel. In its renowned Oyster case, this self-winding 30-jewel chronometer is pressure-proof beyond 100 fathoms.

IT CAN'T UNWIND, OR FLOOD, OR BREAK UP, OR SHORT OUT, OR WEAR DOWN. ROLEX... WHEN YOU REALLY NEED THE RIGHT TIME.
THE PACIFIC COAST ATHLETIC ASSOCIATION

The PCAA, now entering its 16th year, is developing into one of the strongest Division I conferences in the nation.

Since 1978, the PCAA has grown from an all California League to a league that has members from four states in the western part of the nation. The league's newest member, New Mexico State, will participate in conference football for the first time in the 1984 season.

In addition to New Mexico State, the other PCAA members are California State University, Fullerton; California State University, Long Beach; Fresno State University; San Jose State University; University of California, Irvine; University of California, Santa Barbara; University of Nevada, Las Vegas; University of the Pacific and Utah State University.

Lewis A. Cryer, who begins his seventh year as Commissioner of the PCAA, has overseen the conferences' phenomenal growth during his tenure. Under his guidance, the PCAA has grown in stature to rival some of the more established conferences in the nation. The PCAA has also recently added championships for women's basketball, swimming and track and field and is currently working to expand the PCAA women's league.

Working in the PCAA office with Cryer are: Assistant Commissioner Dennis Farrell; Supervisor of Football Officials Jack O'Cain; Supervisor of Basketball Officials John Dangleis; Assistant to the Commissioner Jody Harter; Administrative Assistant Dodie Hayes and Secretary Michele Schimpf-Scott.

The conference office is located at 1700 East Dyer Road, Suite 140, Santa Ana, California and the phone number is (714) 261-2525.

Without certain traditions, a Runnin' Rebel game just wouldn't be the same. Last season a new tradition was added, which has become a favorite part of the pre-game hoopla. Thanks to Mr. George Gerringer, the Runnin' Rebels enter the Thomas and Mack Center on their own red carpet, as we ROLL OUT THE RED CARPET FOR YOUR RUNNIN' REBELS. Mr. Gerringer crafted and donated the red carpet for the Rebels.

Another time-honored tradition is the pre-game light show, which is a carry-over from the days the Rebels played in the Convention Center, where the original pre-game lighting show was designed by Art Rader.

Your Phone Service: Better than ever because our
equipment and our people make the difference.

Centel is out to make your phone service better than ever. In the past five years we've invested nearly $300 million in
highly sophisticated equipment.

Like our digital switching systems, which give you faster dial tones, quicker
connections, less line noise, and opens the
way to Custom Calling and direct-dial
overseas calls.

And behind all that sophisticated equipment are some special people who
make it all work smoothly. People like
Eddie Pinjaks, Les Cole, Bill Marrell,
Dolores Carpenter and Barbara Franklin.

Like all Centel people, they believe
our customers deserve top-notch service
for their money.

Your phone service. We've all
working hard to make it better than ever.
Some things never change. Like the thrill of a new car. Remember the feeling of excitement when you took that first drive? The unmistakable aroma of newness? The admiring glances and comments as you floated down the boulevard?

Today, luxury, technology, and automotive wizardry only add to the thrill. That singular exhilaration of a new car will always be there, whether it's your first or your twenty-first.

Rediscover the sensation of driving in a brand new car from Anthony Motors.

Building a tradition with you in southern Utah

TOM COWARD
LINCOLN-MERCURY
Our Commitment To Quality Customer Service Extends From Our Service Director – Our Service Advisors – All Our Technicians and Elmer’s Newest Assistant.

An Allen Scope Is Like Hiring The Ten Best Diagnosticians In The World
Allen introduces a bold new concept for service in the 80’s. The world’s first and only engine diagnostic computer that collects data based on an auto’s actual operating characteristics – sifts this information automatically, and deduces in the most logical manner which of the engine parts are defective and need to be replaced or repaired. Faulty components are pinpointed for all major engine systems – starting - charging - fuel distribution - compression - timing and ignition.

QUALITY SERVICE - AFFORDABLE PRICE - PLUS!

The Lifetime Service Guarantee. Tom Coward Lincoln-Mercury offers it. Only Ford, Lincoln, and Mercury owners can get it.
The Lifetime Service Guarantee is so extensive, it covers virtually every repair on your car or light truck, for as long as you own it. Period. And it doesn’t matter whether you bought it new, or used. Or who you bought it from.
No other dealer, no other repair service - foreign or domestic - offers this kind of security.

Free Parts. Free Labor:
Now, when you pay for a covered repair once, you never have to pay for the same repair again. Ever. The dealer who did the work will fix it free. Free parts. Free labor. For life.
But here’s the best part; the Lifetime Service Guarantee is itself free. A limited warranty on thousands of parts in normal use.
Things not covered are routine maintenance parts, belts, hoses, sheet metal and upholstery.

For Life:
How can we guarantee repairs for life? Because we’re confident of the quality of our workmanship and the parts we use. The Lifetime Service Guarantee.

LIFETIME SERVICE GUARANTEE
(WE FIX CARS FOR KEEPS)

"Holy cow!!
My wife just hit
an IGT
Progressive!!"

"What a day to remember..."
"When the bells started ringing,
Nellie started yelling, 'Hit it! I hit it!'
We stared at the screen and that winning
combination stared back. I couldn't
believe it. I was shaking. Nellie kept
yelling, and adrenaline turned my knees
to jelly and my stomach to mush."
"In a second, people were everywhere
'How much did she win?' 'What a score!'
My heart was pumping a mile a minute.
The big one. We'd finally hit the big one..."

The excitement of winning. The sheer
fun of playing. There's no feeling like it.
Slot entertainment at its best. IGT,

REBELS

First Western Savings
ASSOCIATION

CORPORATE HEADQUARTERS 2700 West Sahara, Las Vegas • 871-2000
LAS VEGAS, THE CITY

The city of Las Vegas, Nevada is a thriving metropolis of nearly half-a-million permanent residents nestled in a desert valley near the southernmost tip of the state.

Located in the scenic southwestern United States, Las Vegas is within a 30-mile radius of Lake Mead; the massive Hoover Dam and Colorado River recreational area; the snow skiing trails of 12,000 foot Mt. Charleston; and a panorama of red-rock mountains, eroded sandstone landscapes and replicas of old western towns. Also, within easy reach is the Southern California coastal areas, Arizona’s Grand Canyon, California's Death Valley and Southern Utah's Zion National Park.

First settled in 1855 as a missionary outpost of the Mormon Church, the city has grown into one of the premier entertainment spots in the world. Of course, everyone is familiar with the famed Las Vegas “Strip,” where renowned entertainers come to perform and the glamour and glitter is unsurpassed anywhere. Yet, the “Strip” is by no means the only means of entertainment. In many important ways, Las Vegas is like any other large city that is on the go. There is a rich cultural scene including art galleries, theatres, ballet and numerous musical organizations.

In addition, there are new museums, recreational parks, libraries, churches and hospitals making Las Vegas a city able to satisfy every taste.

HOOVER DAM SPECTACULAR—Hoover Dam, 35 miles from Las Vegas. Puts on its own show as water gushes across 100-yard-wide canyon through needle valves five feet in diameter. Hoover Dam is not only the single most popular visitor site in Southern Nevada, but it produces hydroelectric power and releases irrigation water from Lake Mead for the Southwest.

DEAD RINGER.

It's not easy saying good-bye to an old colleague...one that was with you when you first struggled to open the doors of your business.

Of course, there were days when you seriously considered replacement. Now the time has come...a chance to improve upon the past with a telephone system and service that will allow you to rest in peace.

---

**FRUSTRATING EXPERIENCE**

During our extensive remodeling program at McCarran Airport, passenger pick-up and drop-off can sometimes be a frustrating experience. The best advice is to have someone drive you to the airport (or take a taxi) and drop you off in front of the terminal.

---

**Dusty Mac Scores A Slam Dunk For McCarran Int'l Airport!**

Dusty Mac, our pesky Nevada state dough miner, is still diggin' up the place in search of his legendary "lost" McCarran Mine (actually, we're remodeling, and Dusty is taking the blame for things).

---

**COUNTY FACILITY IN LAS VEGAS, NEV., TO BE THE TALK OF THE AVIATION INDUSTRY AFTER REMODELING**

**ON YOUR RETURN**

To avoid vehicular congestion and jangled nerves, pre-arrange to call someone when your plane arrives. By the time your baggage is sorted and delivered to the baggage claim area, your "ride" can meet you at the exit to the baggage claim area and you can be on your way in a matter of moments.

**FREE SHUTTLE BUS**

In the meantime, free shuttle bus service is still being provided to all terminals every 5 minutes from the new parking area. This is one of the best ways to avoid congestion.
The University of Nevada, Las Vegas, has grown and developed in its relatively short history into one of the most dynamic urban universities in the Southwest. With some 11,000 students, a vigorous Continuing Education program, and an active performing arts complex, the university has become both the educational and the cultural hub of southern Nevada.

Academic excellence has been a priority at UNLV since its inception as the Southern Regional Division of the University of Nevada in 1957. When Maudie Fraizer Hall opened on campus that year it stood alone, surrounded by desert and fronted by a two-lane county road.

By the mid-1960s the university had become a four-year, degree-granting institution known as Nevada Southern University. Full autonomy with status equal to UNR came in 1968, and the following year the Board of Regents gave the campus its new name: the University of Nevada, Las Vegas.

UNLV is part of the University of Nevada System, which is governed by the nine-member Nevada Board of Regents. Its 335 acres of park-like landscaping and modern buildings is located two miles from the Las Vegas Strip, in the heart of a busy commercial and residential area.

The push for academic excellence has intensified in recent months under the direction of UNLV's energetic new president, Dr. Robert C. Maxson. During the first months of Dr. Maxson's administration a number of substantial gifts have come to UNLV to support academics and to help build the new School of Engineering and Computing Science. Of these, the Margaret Elardi Nevada Scholars Program and the Harold and Mayme Stocker Interest-Free Loan Program are notable for the impetus they give to the university's campaign to attract Nevada's finest high school graduates.

Nevada Power Company's recent pledge of $1.5 million came soon after a gift of $500,000 by construction general contractor J.A. Tiberti, both for support of the engineering school.

The drive to expand UNLV's engineering and computing science programs actually began in 1982 when local business and community leaders visited the Silicon Valley in California, where they learned that establishment of an accredited engineering school at UNLV is critical to attracting clean, high-technology businesses to southern Nevada. It has moved forward decisively since then. An academic program was designed and received regent's approval, new faculty members have been hired, and plans have been drawn for a $15.2 million building to house the school.

Most significantly, the groundswell of support from the Greater Las Vegas Chamber of Commerce, the Nevada Development Authority, the UNLV Foundation, and other groups established specifically to promote the school has resulted in substantial private contributions to the project.

When the new engineering building is constructed, it will join several important additions to UNLV's physical plant that have opened in the past several years, including the $11.7 million Frank and Estella Beam Hall, which houses the colleges of Business and Economics and Hotel Administration; and the 13,500-seat Thomas and Mack Center, home of the Runnin' Rebels and the site of major professional and sporting events. The business and hotel building is named for the parents of donor Thomas T. Beam, and the arena is named for longtime UNLV supporters Jerome Mack and E. Parry Thomas.

UNLV is proud of its physical facilities—its $5 million Alta Ham Fine Arts Building and $7 million, four-story addition to James R. Dickson Library among them—but campus administrators, faculty, and students understand that the heart of the university lies in its teaching and research programs.

Bachelor's degrees are awarded in 50 major subjects, and 28 programs lead to the master's degree. Specialist and doctorate degrees are offered in addition. All programs have been accredited by the Northwest Association of Schools and Colleges.

The university has a distinguished faculty of more than 400 men and women who are actively involved in teaching, research, and community service. Faculty members, 77 percent of whom hold doctorates, have come to UNLV from some of the nation's greatest universities, many have extensive experience in the professions in which they teach.

UNLV operates on the semester system, with a Mini Term offered between Spring and Fall semesters and two five-week sessions scheduled during the summer. Regular daytime classes are augmented by a strong evening program. Las Vegas residents by the thousands—some 15,000 annually, in fact—take advantage of the more than 500 credit and non-credit courses offered each year by the Division of Continuing Education. These "Classes for People" are designed with a wide range of potential students in mind: teachers, nurses and other professionals who need course work to stay current in their fields; persons interested in developing artistic and handicraft skills; business people who want to gain expertise in new areas or brush up on present abilities; people who want to learn photography, writing, computer programming; virtually anyone who wants to learn.

A MAN AND HIS TOWEL

Everybody wants to know about the Tarkanian trademark — Tark's Towel. The towel dates back to Jerry Tarkanian's Long Beach State days, when an ingenious manager devised it to help Coach's mouth from getting dry. Actually, there are two towels: the one on top is wet (soaked in nothing more than tap water) and the one on the bottom is dry and is used simply to keep the wet one from sitting on the floor. The towel is wetted and folded (into 16ths, by the way) by a designated student-manager, who has learned the folding technique from a predecessor. The towels are handed to Coach Tarkanian as he enters the court at pre-game. The folder of the towel, most recently, is student-manager Barry Vaccaro, a junior from Pittsburgh, PA. Vaccaro adds that the towels are nothing more than plain, ordinary locker-room towels (but he does go through the stack to find the least raunchy ones!).

THE UNLV FIGHT SONG

On UNLV Fight,
Lifting our voices high;
with a conquering hand of might
We raise our banner to the sky.

On UNLV Fight,
Charging triumphantly;
Fight, UNLV, Fight
Alma Mater, U-N-L-V
May you continue in glory
Days of old, and days to be
We'll treasure your dignity.

For Victory.

Alma Mater, we'll remember you
When our student days are through
Hard times, good times
They'll be part of UNLV's call.

HAIL TO NEVADA

Hall to Nevada, the place I love the best.
Hall to Nevada, to the glory of the west.
We've got the state with all the personality.
That's why all the other folks are jealous as can be.

Hall to Nevada, her glory reigns supreme.
She is the lady who is always in our dreams.
We'll make you welcome if you'll only be our guest.
Come on by and you'll see why Nevada is the best.

Come on by--You'll see why Nevada is the best.

WE’LL SPECIAL ORDER YOUR FAVORITE TEAM!!

AVIS, A COMPANY THAT TRIES HARDER, IS PROUD TO SUPPORT A TEAM THAT MAKES IT LOOK EASY.

Giving of ourselves enthusiastically is our trademark. In a phrase, we try harder.
It’s this code of ethics that winning teams are made of. But we’re not telling you Rebels anything you don’t know. What you may not know about is our low weekend rates. (So low, in fact, they make Avis something of a rebel of rent-a-cars.) They’re yours for the asking at any of five convenient Avis locations: the Las Vegas International Airport, Caesars Palace, the Frontier, Las Vegas Hilton and MGM Grand Hotels.

Or call us locally at (702) 739-5595, or toll free from Southern California and out-of-state at (800) 331-1212. It’s just one more way trying harder makes it easier on you.

Hi Mom!

I've found a really great apartment called Wildflower. They're brand new and close to everything, plus they have all the extra's I enjoy—swimming pools, spas, tennis courts and more. I live in a studio, but they also have one, two and three bedrooms available—when I have a bigger budget!

The picture of me and the beautiful surroundings shows you how happy I am here.

Love,
Me

**We earn our wings every day**

**SALUTES THE UNLV REBELS**
After the Game, or anytime, the all new Jerry's Nugget is the perfect place to meet friends. We have all the Las Vegas famous for, including Bingo. Come in and be a part of it all, and remember our race and sports book; it's just the right size to cheer on your favorite team. After the action, relax and enjoy one of our delicious meals...you'll love our prices too. By yourself or with a group, you'll enjoy yourself at the all new Jerry's Nugget And remember, parking is never a problem in our 1,200 space lot.
Introducing the biggest single burger in fast food history.

Wendy's, eat your heart out.

If you've been looking for the beef, you just found it in Carl's new 1/3 Pound Western Bacon Cheeseburger. The first thing you'll notice is a big leap of 30% bigger than what you have to settle for at Wendy's, Burger King, McDonald's and Jack-in-the-Box.

But the 1/3 Pound Western Bacon Cheeseburger doesn't stop with the addition of cheese and two whole strips of bacon. Chip onion rings and hotboy barbecue sauce make this the most flavorful burger in town.

Try one. It isn't like any other hamburger you've ever tasted. Because it's Wendy's, a burger ought to be.

Save 83¢

Take 1/3 off our new 1/3 Pound Western Bacon Cheeseburger. Regularly $2.49. With coupon just $1.66.

Offer good through January 25, 1985 at participating Las Vegas restaurants.

BARNSON FIELD UNDERGOES CHANGES

By Jim Gemma
Asst. Sports Information Director

The scoreboard will run a variety of messages including: public service annoucements, university activities, and for five minutes an hour, it will run messages promoting to advertising. The scoreboard will run from dawn to midnight daily, including the layout, design, and size, with the unlimited computer capabilities, it ranks as one of the top scoreboards for amateur baseball in the country," said Dallimore.

The scoreboard will display computer graphics on the "message gram" with game statistics and the score through ten innings.

Even with the recent improvements, future plans for Roger Barnson Field include still many more additions:

-Expanded pressbox, men's/women's restrooms, permanent concession stands.
-Permanent seating of 4,219 seats, including individual boxes.
-Fieldhouse, including locker rooms for soccer and baseball coaches' offices.
-Paved parking for soccer and baseball facilities off Swenson Avenue.
-Batter's eye in center field, green backdrop, creating a better hitting background, 30 feet high and 60 feet wide.
-Relocation of the flagpole from center field to right center field.

Scheduled completion of various items is expected within three years according to Dallimore. "The reason why I am pushing so hard for all of this is because of the name this field bears," said Dallimore.

The ball park was renamed Roger Barnson Field in March of 1980. Roger Barnson, UNLV assistant athletic director, was killed in an automobile accident on March 14, 1980.

"Roger was a first class citizen of Nevada and a great friend," said Dallimore. "He had an impact on many lives and was a great figure of UNLV baseball." "This facility should bear first class qualities because Roger was a first class human being."

AUTHOR'S NOTE

I have worked with Coach Dallimore and the Rebel baseball team for six years. It is incredible how much time and effort is put into the upkeep of the entire facility in general. I only wish that Roger Barnson could drive by on Swenson Avenue and see his name up in lights on the new scoreboard in left field.

Hustlin' Rebel Coach Fred Dallimore and the pride of the Rebels, Roger Barnson Field, blanketed with a new sod surface in the background, the new scoreboard and message center.

Last summer, Dallimore and his staff replaced the infield grass with Santa Ana Hybrid. "I took us two weeks to prepare the underlying dirt and five hours to lay the sod down," said Dallimore. "We picked the sod from Nevada Turf growers and now our infield is one of the finest in the country." The infield dirt has also been replaced with crushed brick added with a powder stabilizer from Phoenix, Arizona. "Our infield is flatter, it plays much better and is more durable. From far away the grass looks like astro turf," Dallimore said.

The biggest addition of Barnson Field, however, arrived a few weeks ago. A $155,000 scoreboard has been installed beyond the left field fence. The scoreboard is a dream come true for Dallimore, who has worked on the project for nearly two years. Dallimore helped negotiate a lease-purchase arrangement with Young Electric Sign Company.

"The one item I would like to stress is that the scoreboard will not take anything away from the educational dollars that the state provides for the university," Dallimore said. "I am delighted with the addition of the scoreboard to the baseball stadium," said UNLV Athletic Director Dr. Brad Rohrmer added, "The advertisers (primarily Coors and First Interstate Bank) continue to show their outstanding support for Rebel baseball. With this addition of the scoreboard and the new playing surface, Barnson Field ranks as one of the best facilities in all of college baseball."

The scoreboard stands 36-feet high with "message grams" on both sides of the board. The advertising generated from the scoreboard could bring up to $13,000 a month in revenue to the baseball and soccer programs.

The Brian Head Beginner-to-Hero Ski Package $19.95

For those of you who have always wanted to ski but thought it might be a little embarrassing just standing around by the rope tow, we have good news.

We call it the Brian Head "Beginner to Hero" package, and we provide it for only $19.95 complete, no hidden charges. All-day lift pass, professional instruction, the best equipment around, at a price you would normally pay for a lift pass alone.

At Brian Head we believe in placing beginning skiers in a position of success. We make heros out of people who have never skied before.

We'll start you off with first rate equipment—rental skis, boots and poles, all comfortably fit to your specifications. Next you'll get an all-day lift pass on chair 6, a special slope designed and engineered for beginners, and finally we'll put you in the caring custody of friendly professional instructors who won't quit till you're a hero.

You'll learn how to turn, how to stop, how to glide down the slopes the way every expert once learned—from the people who know. And when you're through you'll step into the ranks of those who know how to ski.

You can learn to ski this season—this weekend, at Brian Head. And be a hero your very first day.

Includes ski pass, lessons and equipment rental.

1985 GOLF SCHEDULE

Head Coach Michael Drakulich (front, right) and the rest of his Rebel Golf team: (front, left to right) Jeff Bisbee, Scott Sutton (no longer with team), Doug Brown (no longer with team); (middle, left to right) Scott Smith, John Elsworth, Charles Berry, Steve Fischer, Skip Kendall; (back, left to right) Art Sellinger, Joe Neff, Tony Rick and John Miller.
The UNLV Rebels are extremely proud to announce a new partnership with Big-Time Sports Productions and KDWN-Radio. Big-Time Sports, KDWN and UNLV will combine to give listeners all of the action for both UNLV football and basketball.

Producing Rebel games for Big-Time Sports is its president and founder Len Howard, who has formed his company exclusively for Rebel sports — and Rebel athletics will be a full-time endeavor for Howard, who is well known to Rebel fans as the "Voice of Rebel Basketball." Howard's company — Big-Time Sports Productions — was in fact named by former UNLV basketball star Sidney Green. Joining Howard in the broadcast booth for the Runnin' Rebels as color commentator will be his associate Larry duBeof.

In the broadcast booth for Rebel football/returns the very popular team of Randy Rosenbloom and AI Roberts. The association of KDWN-Radio with UNLV athletics will provide the Rebels with a 50 thousand watt clear channel, providing exposure for UNLV throughout Nevada, California, and as far east as Phoenix, adding millions of listeners to the Rebel game coverage, extending the Rebels from their already popular local profile, into the national picture, with coverage all over the west.

The Rebels welcome Big-Time Sports Productions and KDWN-Radio to our WINNING TEAM!

New this season is "Basketball Live with Jerry Tarkanian," aired on Channel 13, KTNV-TV every Sunday during basketball season at 4:00 p.m. The show is hosted by KTNV Sports Director Ron Futrell and features game highlights, player profiles and features a live phone-in segment where fans can ask questions of Coach Jerry Tarkanian.

Basketball Live with Jerry Tarkanian is produced by Steve Curtis; Tom Letizia and Jerry Tarkanian, executive producer.

"Basketball Live" co-hosts Ron Futrell and Jerry Tarkanian.
From the ordinary to the extraordinary... you'll find it all at Familian's Bath Centers, the Kohler Wholesale Distributor Showrooms.

Rebels Live in Los Angeles

Runnin’ Rebel basketball can be seen live in the Los Angeles area on KHJ-TV. The nine-game package is produced by Dick J. Manoogian. To add even more excitement to Rebel Basketball, Chick Hearn, the voice of the Los Angeles Lakers and the nation’s premier basketball announcer will be calling the play-by-play of the games.

The games will be carried on a delay basis on Channel 5 in Las Vegas in the evening. The time is TBA.

The KHJ-Rebel schedule includes:

December 20-21: Like-Rebel All-Star Round-Up
December 27 vs. Arkansas State

January 10 vs. Pacific
January 31 vs. San Jose State
February 2 vs. Utah State
February 21 vs. New Mexico State
February 23 vs. UC-Santa Barbara
March 2 vs. Cal State-Long Beach

UNLV FOUNDATION: IN SUPPORT OF EXCELLENCE

The University of Nevada, Las Vegas received a tremendous boost recently with the announcement of four major gifts. The donations will affect the faculty, student scholars, campus enhancement and improvement of facilities. "These are significant gifts for UNLV, and they represent the finest type of support that civic leaders can give their public university," said UNLV President Robert Maxson. "They all indicate an investment in the young people of the state, and in fact, an investment in the future of Nevada."

MARGARET ELARDI
NEVADA SCHOLARS PROGRAM

Margaret Elardi, president and owner of the Pioneer Hotel and Gambling Hall in Laughlin, NV, presented a gift of $1 million to establish the Nevada Scholars Program. The program will offer scholarships to the top academic students in Nevada.

"This community and state have been good to me and my family and I would like to give something back," said Elardi. "I cannot think of a better way than making an investment in the young people of this state." Elardi, a member of the UNLV Foundation Board of Trustees and its Annual Giving Chairman, said she intends to do more for the university.

NEVADA POWER COMPANY
ENGINEERING CHAIR

Conrad L. Ryan, chairman of the board and chief executive officer of Nevada Power Company, presented a gift on behalf of the stockholders and employees of $1.5 million to establish a faculty chair in UNLV's School of Engineering and Computer Sciences.

"As we look ahead, we see something that could be finer for southern Nevada than the development of this school," Ryan said. "In my view, this new engineering school typifies precisely the dynamic thinking that has made Las Vegas one of the great cities of the world. It's a bold venture, and it will be successful!"

"I am extremely grateful to Mr. Ryan and his board of directors for this magnificent gift," Maxson said. "I would also like to express appreciation for all the people of the Nevada Development Authority who have worked so hard for the success of UNLV's School of Engineering and Computer Sciences." triangles

STATEMENT OF MISSION

The purpose of the UNLV Foundation is to encourage and secure academic donations for the university from private resources. These funds are essential as UNLV strives to fulfill its commitment to excellence in teaching, research, and service through higher education.

XANARO TECHNOLOGIES, INC.
SOFTWARE GIFT

UNLV has received a gift from Canadian-based Xanaro Technologies, Inc., valued at $1.5 million. Xanaro president Robert Hrynkiw announced the company would donate 3,000 units of their state-of-the-art Ability integrated software to the university.

"This gift represents a major push toward computerization of our campus," President Robert Maxson said. "The marriage of our university with Xanaro Technologies is a significant and strategic alliance for UNLV in its evolution to become an academic leader in high technology study."

The Xanaro gift will provide the impetus for the university to search for support from local computer organizations to obtain more computers for the campus. The goal is to acquire enough microcomputers to provide access to each of UNLV's nearly 400 faculty members and one computer work station for every ten students on campus.

SAM BOYD GIFT FOR SILVER BOWL

The California Hotel and Casino, parent company of Sam's Town on Boulder Highway and the California Hotel and Casino, has given the University of Nevada, Las Vegas a $1.5 million contribution for improvement of the Silver Bowl. "Sam's Town and the California Hotel's generous donation will not only provide an excellent facility for our fine program but it will also enhance the stadium as a site for special events that will be enjoyed by thousands of local residents and visitors," President Robert Maxson said. The contribution is expected to help pay for resurfacing the field and allow other repairs.

"I cannot think of a better way than making an investment in the young people of this state," Elardi, a member of the UNLV Foundation Board of Trustees and its Annual Giving Chairman, said she intends to do more for the university.

UNLV FOUNDATION: COMMITMENT TO EXCELLENCE

The UNLV Foundation, with leadership from its Board of Trustees, has made a Commitment to Excellence at this young, proud, and growing institution. If you would like more information on how you may support academic excellence at UNLV, please contact the UNLV Foundation, University of Nevada, Las Vegas, Las Vegas, NV 89154 (702) 739-3641.
