THE BREAKDOWN

Service Learning Experience

Service to Community: The Breakdown Rise Up campaign serves the community by giving students the opportunity to talk about their issues/questions about tobacco products on a safe and comfortable level.

Semester Reflection: The Service Learning experience opened my eyes through many different aspects. The different school sites, students, and cultures all opened my eyes and views about how our community needs someone to be the voice to contribute to our youth.

Pros: We are contributing to our community in a positive action to make a change.

Cons: Not all students or parts of the community will see eye to eye but that is our job to rebuild and help alter their views. However, not everyone is going to be nice about our actions.

Expectations: I expect the students to use the knowledge given to them and spread our campaign by creating a chain reaction to eliminate tobacco products as a social issue.
