Executive Summary

- UNLV provides stewardship of Walking Box Ranch (WBR) by providing a caretaker who oversees the property, facilitating use of the property by researchers and educators, developing a use and research policy for the property, and coordinating these activities with BLM and in accordance with TNC restrictions.
- UNLV currently addresses security issues for the property through the presence of the caretaker and two Metro Officers who stay on the property in rotation.
- UNLV has begun a conversation with Metro to improve security at the ranch in the short term, and also to incorporate security planning for the future constructed site into the design phase through Metro’s Crime Prevention Through Environmental Design (CPTED) program.
- UNLV has begun to develop a Premises-use Process, which will be completed during 2009.
- UNLV has begun to develop a Monitoring Process, which will be completed during 2009.
- UNLV is finalizing an agreement with METRO officers permitting the officers to stay on the ranch property, increasing security for the ranch.

Summary of Attachments

- WBR Use Request Form

Project Management Plan Items:

1. Provide stewardship of the 40-acre Headquarters Parcel of the Walking Box Ranch.
a. Maintained and used in accordance with the Conservation Easements and Section 106 of the National Historic Preservation Act and

b. Make available to researchers, educators, students, federal land management personnel, the citizens of the State of Nevada, and the general public during the time that the Walking Box Ranch Field Research and Training Center and Museum are being designed and constructed.

- UNLV provides a caretaker who lives on the premises, who oversees the use of the property, and who is in daily communication with UNLV regarding activities on the property.
- UNLV has finalized a WBR Use Request Form to be submitted by all prospective ranch visitors. Part of the form must be filled out and returned to PLI, indicating the type of use requested and details regarding the requested stay. Applications are reviewed to determine if the requested use conforms to the mission of the property and applicants are subsequently informed whether or not their request is approved.
- Work has continued on the process of formulating a WBR Use Policy describing appropriate uses of the ranch facilities during the three to five-year design and construction period. During this period, the existing buildings will be repaired and renovated and new museum and research center buildings will be constructed. This policy will be finalized during 2009.
- A total of 33 visitors stayed at the ranch during this reporting period for a total of 37 user days.
- The site was also visited by participants in the 50% Design Concept Plan meeting, who included member of EDAW’s team and also BLM and UNLV participants, to ground truth plans to date for building location and use.

2. Be responsible for coordination and facilitation of site security; protection from vandalism; minor/routine repair; day-to-day upkeep of facilities and property; and protection of the 40-acre “Headquarters Parcel” of the Walking Box Ranch and Museum. The UNLV shall be responsible to ensure that the 40-acre “Headquarters Parcel” of the Walking Box Ranch property is managed in a manner consistent with the Conservation Easements on the ranch property; the BLM’s management goals objectives, priorities and directives for the property; and within available funding.

- UNLV provides a caretaker who lives on the premises, and who is a key component in maintaining security on the property.
- UNLV has an informal agreement with Metro officers who currently park two recreational vehicles on the property in which they live part of the week. UNLV provides hookups for the RVs. The officers provide increased security through their part-time presence and the presence of official police vehicles parked on the premises. UNLV is in the process of formalizing this agreement with the officers.
• We are currently working with UNLV Police Officer Jeff Green and Police Services technology expert David Javier, to assess security needs at the ranch and formulate and implement a security plan during and beyond the design and construction phases. With their assistance we have begun a conversation with Kathy Perkins, Crime Prevention Specialist at Metro regarding developing a comprehensive security program for the ranch through Metro’s Crime Prevention Through Environmental Design (CPTED) program. Our goal is to improve security at the ranch in the short term and also to incorporate security planning for the future facility into the current design phase.

3. Report any issues of safety or concern to the BLM within a reasonable time period.

• There were no issues of safety or concern during this reporting period.

4. The UNLV shall be responsible for all reasonable minor repairs to stabilize the ranch buildings and maintain a record of all repairs and costs. The UNLV threshold for single minor repairs shall not exceed $2,500 per work-order and shall not require prior BLM approval.

• During this report period the following repairs were made: 1. Fire extinguishers were serviced/replaced, 2. Herbicides were sprayed, 3. The faucet in the bunkhouse in the rear bathroom was repaired, 4. A new lock was put on the front gate entrance for Suburban Propane access.

5. Participate in effective and collaborative partnerships with the BLM.

• UNLV continues to communicate with BLM regarding all aspects related to custodianship of the property, to take all possible precautions to protect the property, and to use the property in ways that advance BLM’s mission.

6. Participate in relevant and required community and governmental meetings, scholarly conferences and educational activities that forward the purposes of this agreement.

• UNLV participated in a Searchlight Trails meeting, held in Searchlight February 4, 2009 for the community to meet with the Trails committee, and learn about this effort to establish a trail system in this region.

7. Assist BLM with public outreach functions regarding activities at or in relationship to Walking Box Ranch, and the need to restore and protect this historic property.

• No public outreach activities occurred during this quarterly period.
8. **Facilitate the efforts of the BLM to carry out tasks associated with any project to be performed on the Walking Box Ranch so as to in no way cause unreasonable delays or inhibit access to the BLM as required to carry out such projects.**

   - No such projects were conducted during this time period.

9. **Premises-use Monitoring: Create and implement process to coordinate and process requests from universities, other educational institutions, and public and private entities or agencies to conduct research projects on the 40-acre “Headquarters Parcel” of the Walking Box Ranch property or utilize the facilities thereon. Research requests shall be forwarded to the BLM and The Nature Conservancy for approval. Research projects outside of the 40-acre “Headquarters Parcel” of the Walking Box Ranch property are not authorized under this Agreement. The created process will be documented in a report and will include requests forms.**

   - UNLV will develop a policy that will coordinate research requests and transmit these requests to BLM and TNC. UNLV is finalizing a WBR Use Request Form; responses to this form will indicate if applicants wish to conduct research on the Headquarters Parcel. A second form, currently in preparation, will be triggered requesting detailed information on proposed research to be conducted on the Headquarters Parcel. This process will be formalized and described in a written report to BLM that will include a Research Request form. The report will be delivered to BLM during 2009.

10. **Inspections: Create and implement process to conduct visual inspections of on-site facilities and contents and document their current/ongoing condition and prepare written recommendations for the BLM regarding repair, replacement, or upgrade. The created process will be documented in a report and will include inspection forms and recommendation forms.**

    - UNLV currently has an informal arrangement with the caretaker on conducting daily inspections of the property and keeping a log of these inspections. This process will be formalized and described in a written report to BLM that will include inspection and recommendation forms. The report will be delivered to BLM during 2009.

Any other buildings on the premises are also not available for use and no trespassing is allowed. Walking around the enclosed portion of the property on established walkways and trails is permissible. Traveling along Walking Box Ranch Road is permissible. Collection of items, ground disturbance or interference with wildlife is strictly prohibited. This is an Area of Critical Environmental Concern [ACEC] and protection of the desert tortoise is mandated by law. This is a NO Smoking facility.
State of Nevada Assumption of Risk / Release of Liability Form
Walking Box Ranch, Searchlight, Nevada

I, _______________________________ understand and agree that visiting and/or staying at the Walking Box Ranch near Searchlight Nevada, may involve certain risks and that regardless of the precautions taken by UNLV some bodily injuries may occur.

Specific risks/hazards may include but are not limited to the following:

1. Driving to or from field trip localities near the ranch: collisions with other vehicles can occur; rollover of the vehicle is possible; as well as all other dangers inherent in transportation by motor vehicles may lead to injury or death.
2. Injuries: these may result from twisting of joints or breaking of bones while hiking over irregular ground.
3. Plants and animals: Snakebite, scorpions, other poisonous wildlife and poisonous or dangerous plants may cause harmful effects.
4. Weather: inclement weather conditions may exist (cold, wind, rain, snow, etc.) such that hypothermia, dehydration, other injury, illness, or death may result.
5. Problems related to exposure: for example, heat exhaustion, dehydration, sunburn, frostbite, death and allergic reactions.
6. Injuries from flying rock fragments related to breaking of rocks with a rock hammer.
7. Danger of being struck by automobiles while examining outcrops along roads.
8. Accidents occurring in or near any of the ranch buildings.

Knowing this information, in consideration of my participation in using the facilities at the Walking Box Ranch, I expressly and knowingly release the Board of Regents of the Nevada System of Higher Education (NSHE) on behalf of the University of Nevada Las Vegas (UNLV), and the State of Nevada, their officers, agents, volunteers, and employees, from any and all claims and causes of action for property damage, personal injury or death sustained by me arising out of any travel or activity and/or the negligence of the sponsoring group.

In addition, I understand and agree that UNLV cannot be expected to control all of the risks articulated in this form but may need to respond to accidents and potential emergency situations. Therefore, I hereby give my consent for any medical treatment that may be required during my participation with the understanding that the cost of any such treatment will be my responsibility. UNLV does not carry medical or accident insurance for the activities mentioned unless participants are informed otherwise. As such, participants should review their personal insurance portfolio.

I voluntarily and knowingly agree to protect, hold harmless, and indemnify the Board of Regents of the Nevada System of Higher Education (NSHE) on behalf of the University of Nevada, Las Vegas (UNLV), and the State of Nevada, their officers, agents, volunteers, and employees, against all claims, demands, or causes of action for property damage, personal injury, or death, including defense costs and attorney’s fees arising out of my participation in any activities at the Walking Box Ranch.

I agree to limit my activities to the approved facilities on the ‘Use Request Form’ and to treat the property with appropriate respect as a historic site and Area of Critical Environmental Concern.

I have read the agreement and have willingly signed for the consideration expressed and with the full understanding of its purpose. Participant represents that he/she is eighteen (18) years of age or older and is otherwise competent to execute this agreement, or that his/her legal guardian is also signing.
