PROJECT 150

- They help local homeless, displaced and disadvantaged high school students stay in school and graduate
- Project 150 was started in December of 2011 by two Las Vegas locals Patrick Spargur and Don Purdue, after knowing there was 150 homeless students at Rancho high school during the holiday break
- In 2016-2017 school year 2,592 high school students are homeless this is according to Tittle I HOPE: CCSD Homeless Outreach Program For Education
- Project150 is in 43 High Schools in Nevada
- They provide 1,500 meal boxes during the holidays

Project 150 provides 3 major things for homeless high school students
1. After school and weekend meals, most of the kids rely on school meals as there main source of nutrition.
2. Clothing and school supplies: they have Betty’s Boutique that provides them with 10 outfits a month based on community donations
3. They help some families find temporary housing by getting in contact with other programs across the valley

WHAT CAN YOU DO TO HELP?
