2018 Open Access Week Report

College of Hospitality
Open Access Week (October 22-28, 2018)

Open Access Week is a global event that provides an opportunity for the academic and research communities to learn more about the potential benefits of Open Access (OA), to share what they’ve learned, and to help inspire others to participate in OA. Open Access initiatives, such as the University Libraries’ own institutional repository (Digital Scholarship@UNLV), help to increase the readership and impact of individual faculty work and provide higher visibility to UNLV’s research and creative efforts. Digital Scholarship@UNLV, maintained by the Scholarly Communication Initiatives (SCI) team, provides an Open Access platform for faculty and graduate students to deposit their works to reach a wider audience of researchers and scholars. We host OA journals edited by UNLV faculty and students (such as the UNLV Gaming Research & Review Journal), have recently begun piloting an Open Article Fund to help UNLV authors pay article processing charges, and consult and provide training on author’s rights, journal evaluation, impact metrics, ORCID, Creative Commons, and so much more!

Come join us in our celebration of Open Access and UNLV faculty scholarship!
