# Top Tier Focus

FEBRUARY 2, 2021

Our Top Tier vision and mission guide our efforts at UNLV, and we have made remarkable progress on our journey. We continually evaluate our actions, and it is time to expand our plans to become an even greater university. Top Tier 2.0, the next evolution of our strategic plan, is a forward-looking roadmap that our university will continue to refine and follow over the next decade. It builds on our progress and recognizes our opportunities as we continue on our path to becoming a top public research university.

The work we do continues as we advance retention, graduation rates, research expenditures, doctoral degrees, non-faculty researchers and postdocs, and community impact.

Top Tier 2.0 is focused around our current cores:

- Student Achievement;
- Research, Scholarship, and Creative Activity;
- Academic Health Center; and
- Community Partnerships.

There will be two new cores:

- Socio-Economic Development and
- Promote and Support a Culture of Social Justice, Equity, and Inclusion.

These cores are all made possible through continuing to develop our infrastructure and ensuring shared governance practices are at the heart of what we do, which is our foundational core. An additional foundational core of philanthropy and alumni engagement has been created as we must strategically deepen the culture of philanthropy and alumni connection since this area is key to our financial stability.

As Top Tier 2.0 is further developed over the spring semester, more information will become available. You can find information regarding [Top Tier](#) on the website, as well as an overview of [Top Tier 2.0](#).
