The first class from the UNLV School of Medicine will graduate in 2021.

Metrics illustrate service to the community through the number of students who graduate annually with health-related degrees and are ready to enter the workforce, contributing to health care in Nevada and other states.

Serving our communities by promoting health and well-being is central to our mission at UNLV. Diverse and specialized faculty and staff promote community well-being and health through development of a practice-ready workforce, dissemination of impactful research, and collaboration with community agencies.
