It has been accepted for inclusion in UNLV Best Teaching Practices Expo by an authorized administrator of Digital Scholarship@UNLV. For more information, please contact digitalscholarship@unlv.edu.
Facebook Group in ACC 202

ACC 202 has three sections of 100-120 students in each section each semester. Since 2016, I have used a “Closed” FB group. The administration involved with creating this group is minimal. On the first day of class, each section of ACC 202 takes a group picture and the students vote in Facebook on the best class picture. The winning picture becomes the cover photo for the group. Former students can remain in the group after passing the class which allows current students to network with alumni. Currently, I have 400 members in my group. I use the site to post weekly course announcements, current business events/videos (with application to the class) and UNLV News. My students use the FB group for a wide variety of issues (homework, course due dates, request for notes, group study sessions and many others). For homework, students frequently use the site to receive help from their classmates on weekly homework. In the Fall 2017 semester, I have begun to “like” and “love” posts from students that go beyond to help others on their homework. These “likes” and “loves” are worth extra credit.
