Let a great team protect your family.

In the game of life, life insurance is the soundest way—often the only way—to guarantee that your family will be free of money worries if you should die. The moment you own a policy, you've guaranteed them cash. For food and clothing. For paying off the mortgage. For schooling. You've guaranteed that your family's future is more secure. And no one is better prepared than a New York Life Agent to help you provide this basic financial security for your family. Carefully chosen, thoroughly trained and experienced, New York Life Agents make a full-time career of guiding families and businesses like yours towards greater financial security.

Pictured below are some of the New York Life Agents in this community—they're good people to know.

See the 6 beautifully furnished models decorated by Robert Piotrowski of Design Center, Las Vegas

Single Family Residence

By The Collins Brothers

If you haven't seen Spanish Oaks yet, you couldn't possibly imagine the concept to luxury the Collins Brothers have created just for your living pleasure.

Spanish Oaks is the ultimate, a carefully designed community of individually detached homes clustered in Spanish courtyard surroundings. When you visit the six beautifully furnished models on West Sahara at 3300, you will then realize there has never been a place like Spanish Oaks.

Providing care and attempting diligently to prevent all athletic injuries for the UNLV Rebels is the school’s fine training room under the capable direction of Rodney Poindexter, beginning his fourth year with the program after graduating from North Carolina State University in 1971.

Quickly becoming one of the most valuable persons on the UNLV athletic staff, Poindexter has developed an extremely efficient operation enhanced by the co-operation of local physicians.

The Rebel team physician for nearly 10 years has been Dr. Theodore Jacobs, training room, while the other three are very qualified trainer from the University Rebels is in his second year with the Rebel training room complex at the Education Center are student assistants Mike Bernette, Mike Casella, Paul Sacca, and Robert Nold. Nold, also trainer for Women’s Athletics.

Also assisting greatly in the Rebel athletic program over the years has been Dr. Theodore Jacobs, who with Dr. Armour, was honored this past July as the “Nice Guy” award winners for 1975 by the University Rebels Club booster organization.

Helping Poindexter in the university’s new training room complex at the Paul McDermott Physical Education Center are student assistants Mike Bernette, Mike Casella, Paul Sacca, and Ron Nold, who is also the student-trainer for Valley High in Las Vegas, is in his second year with the Rebel training room, while the other three are rookies.

Miss Joan Gillette is beginning her first full year as the UNLV trainer for Women’s Athletics. She is a very qualified trainer from the State of Texas and will handle the four Women’s intercollegiate sports as well as training room for women students and faculty at UNLV.

You can learn how to communicate with a computer or with a teenager in continuing education classes which start this month at UNLV. There are 25 non-credit classes beginning in October for local residents in everything from mine staking to karate chopping. Get in touch with the Division of Continuing Education for details.

Here are some of them:

- **Batik: Art on Fabric.** A program devoted to the enjoyment of the ancient art of batik with demonstrations on drawing, waxing and dyeing of textiles. Oct. 7 to Nov. 23.
- **Photography.** Six classes providing the amateur photographer the means to expand and refine the skills taught in the basic photography course. Oct. 30 to Dec. 11.
- **Photography-Watercolor Field Trip.** A two day tour to Pioche and Cathedral Gorge will provide a creative experience in photography and/or watercolor. The class session after the tour will be for evaluation of completed art. Oct. 11 and 12 and Nov. 4.
- **Adolescent Years.** A course concerned with assisting parents and other adults in providing understanding to the adolescent child as he bridges the gap between childhood and adulthood. Oct. 23 to Nov. 20.
- **Exploring Southern Nevada.** A slide-illustrated lecture series which focuses on one-to-three day trips that may be taken from Las Vegas to various scenic and historical sights. Oct. 16 to Nov. 13.
- **Living World Desert Style.** Four slide-illustrated lectures and two overnight field trips give participants the opportunity to become acquainted with plant and animal life and their survival in the desert. Oct. 14 to Nov. 4.
- **Zion.** A program to give participants an opportunity to see and understand the natural beauty of one of the most scenic areas of the United States. Oct. 14 to Oct. 21.
- **Petrology for Rock Hounds.** A course for the study of the major rock groups and their origins. Oct. 14 to Nov. 10.
- **Mining Claim Staking and Mapping.** Students in this course will be introduced to the simple complexities of staking and mapping a mining claim in compliance with Nevada mining laws. Oct. 29 to Nov. 19.
- **Communication with Computers.** A survey course designed to acquaint the first-time and middle-level manager with the technological capabilities and possible applications of the computer. Oct. 30 to Nov. 20.
- **Analysis for Decision Making.** A seminar for those who participate in major decisions and generally support their conclusions with financial analysis and research. Oct. 7 to 23.
- **Business Math and Interest Computations.** Instruction in the various types of interest, annuities, discounts, present value and payment plans. Oct. 6 to Nov. 5.
- **Economics.** A seminar discussing conditions, processes and strategies relating to current economic conditions. Oct. 21 to 23.
- **Federal Income Tax Seminar.** A course designed to assist the individual and small business person in preparation of income-tax returns. Oct. 21 to Nov. 25.
- **Marketing of Services in a Service Oriented Economy.** Instruction in basic marketing principles, practices and strategies and their application to various service professions. Oct. 7 to 29.
- **Childhood Illnesses.** A survey of commonly occurring childhood illnesses to assist parents and/or health personnel in making decisions for proper care of children. Oct. 6 to Nov. 3.
- **Seminar in Emergency Self Defense.** A seminar in the fundamentals of karate, judo, aikido, and defense against the knife, gun and club. Oct. 17 to Oct. 21.
- **Backpacking — Advanced Skills.** Four classes and a field trip to the backcountry of Zion National Park will teach advanced techniques to the experienced hiker. Oct. 7 to Nov. 2.

### THE BEST OF TRIVIA

#### TRIVIA

**By Terry Shonkwiler**

**KORK Radio**

**HORRIBLY TOUCHY TEASERS ABOUT MONSTROUS MONSTER MOVIES**

1. Boris Karloff, a long-standing bit player, stomped to stardom in FRANKENSTEIN. But who played the "gravey" serial scientist who really dug his own creation?

2. Most people remember Fay Wray monsooning around with King Kong, but who played the movie producer/adopter who brought the big ape to the "Big Apple"?

3. Len Chapin, Jr. was a howling success as the WOLF MAN. He once stated that only one mother could love. Who played the part of his mom?

4. Speaking of MUMMYS, what was the brew used to bring the MUMMY Khars to life?

5. In the film, ISLAND OF THE MOST BOULS, what well known actor turned innocent victims into grotesque mutations and then shipped them out on the first boat to Soul Train?

6. Like its main character, the movie Dracula refuses to die. It is the commoner who's starting to live today. Which year did the old bat make his first screen appearance?

7. Who is the CREATURE that Dracula first set eyes on in Tokyo?

8. In 1998 the all new THE BLACK LAGOON came up for air and discovered he had only been in Lake Erie. Who was the slick he tried to "finch" off in the film?

9. Tokyo has the distinction of being destroyed more times than any other city in horror history. In what year did Godzilla first set foot in Tokyo?

---

**QUESTIONS:**

1. Was the word "alligator" first used to describe an animal that lives in alligators?

2. What was the brew used to bring the MUMMY Khars to life?

3. What was the height of the first skyscraper in the world?"

In 1512, Vasco Da Gama was searching for a quick route to India by way of Alaska. Da Gama was a robust man whose appetite for fine waffles was equalled only by his thirst for his national dance, the Mambo. (He introduced the Mambo to the natives of Arizona, where it is still popular.) Escaping from waffle-hungry gypsies in Miami, who were in search of the Golden Fleece, Da Gama led his men over the Alps on elephants. En route, they ate waffles at the truck stops and made it safely to India, arriving on January 1, 1517.

The International House of Pancakes honors Vasco by featuring Waffles on his day.

A GROWING UNIVERSITY

The 1974-75 academic year has been one of continued achievement at the University of Nevada, Las Vegas. Here is a glimpse at the highlights:

Enrollment: There are now more than 7,000 students enrolled at UNLV, and the rate is still climbing at about 10 per cent a year—many times the national average. Students come from every state of the nation and more than three dozen foreign countries.

Instruction: Presently, students may enroll in any of 65 degree programs at the bachelor's and master's level offered by UNLV's 32 academic departments. This summer, the school's first doctoral program got under way in the College of Education as a joint effort between UNLV and the University of Nevada, Reno. The university conducted its second successful "Mini Term" in January. The innovative program gave students two weeks of intensive study into topics of wide ranging and timely concern. Some students worked in local businesses or government offices, while others traveled out of state to investigate everything from plant ecology to mountain resorts.

More than 4,000 persons attended the university's two summer sessions, and 10,000 adults enrolled in the many classes, institutes, workshops and seminars conducted for community residents.

New Construction: One of the country's finest physical education centers opened its doors this spring. The $6 million facility, containing two gymnasiums, a 50-meter indoor swimming pool, handball courts, training and equipment rooms, will not only provide space for physical education instruction, but will become a center for the entire community, since numerous classes for every age level are being organized by the school's Division of Continuing Education. The complex has been named the Paul McDermott Physical Education Center in memory of the long-time Las Vegas business and civic leader, friend and regent of UNLV. Two major facilities now under construction include the 2,000-seat Artemus Ham Concert Hall, scheduled for completion early next year, and a $5 million Life Science Building, set to open during the summer of 1976.

National Honors: The theatre arts department's production of "The House of Bernarda Alba" was selected in the American College Theatre Festival as one of the nation's top ten plays for 1974 out of 335 colleges and universities which competed for the distinction. The play was performed last spring at the John F. Kennedy Center for the Performing Arts in Washington, D.C. with all expenses paid by the festival.

In athletics, the Rebel football team carried a perfect 11-0 season into the national Division II regional finals where it advanced to the Grantland Rice Bowl in Baton Rouge, La., and a nationwide television audience. The nationally 16th-rated basketball team completed its regular season with a 22-4 record, won its first West Coast Athletic Conference crown, and advanced to NCAA Division I playoff games in Tempe, Arizona and Portland, Oregon.

Summing Up: In just 18 years, UNLV has blossomed from a single small building beside a dirt road into a beautiful 360-acre campus. It has attracted a well-qualified faculty of some 325 professors who are not only devoted to good teaching, but who are earning reputations for their research work and community service endeavors. Overall, the economic contribution of UNLV to the city has been significant, with millions of dollars brought into the area through student and faculty expenditures, capital construction, endowments and grants. The university is a resource that all in Las Vegas are proud to support.

REBELS CLUB

Certainly one of the finest in the nation, the University Rebels Club is the driving force behind booster support for the UNLV athletic program. With continued active member participation, the URC is growing even stronger.

This past year the URC had its greatest fund-raising drive ever, raising nearly $450,000 for the support of the grant-in-aid program for Rebel athletics. This total is also one of the top five in the nation, and, to think UNLV has had just over a decade of graduating classes, so the alumni roster isn't very long.

The honorary list of alumni at UNLV is one of the largest as the record drive would indicate all the thousands of Rebel boosters there are in the community. URC co-ordinator is Davey Pearl and the director of athletic fund-raising for the university is Dr. Wayne Pearson. These two men have become living legends among booster groups across the nation.

The new officers of the URC, for the 1975-76 academic year are: President, William “Wildcat” Morris; Vice-President, Eddie LaBaron; third Vice-President, Chuck Wenner; and Secretary-Treasurer, Doug Crosby. This is a repeat performance for Morris at the top, as the former University of Nevada Regent, has given years of service to Rebel athletics.

On July 10, 1975, Caesars Palace Hotel hosted the grandest URC “Thank You” Banquet of all as nearly 2,500 Rebel boosters were honored by one of the all-time greats — Mr. Frank Sinatra.

RON MEYER
Head Coach

The suave, dynamic head football coach for the UNLV Rebels, Ron Meyer is ever-so-quickly building a high-powered, well-organized, progressive and productive product for the department, university and entire State of Nevada. Football is an extensive and expensive sport, and the Meyer-men have responded with back-to-back nationally ranked 8-3 and 11-0 seasons, two All-Americans and money in the bank. Football is definitely paying its way at UNLV.

The Rebels advanced to the Division II semi-finals last season after the brilliant undefeated regular season and next season seems to promise more of the same. A total of 49 returning lettermen, including 17 returning regulars, will attest to that.

Meyer is well-educated. He won the Noble Kizer award for athletic/academic prowess at Purdue University in 1963, graduating college "with distinction" that year with a 5.2 grade point average out of a possible 6.0. He earned his Master's degree in science there in 1965 and was on the Boilermaker football coaching staff for six years, working with both offensive and defensive backfields. In his only head coaching job before UNLV, he led Penn High School in Indiana to a 5-4-1 record in 1964.

His six seasons on the Purdue staff followed, then his overall personality rose to the forefront. He went to the Dallas Cowboys of the National Football League as one of their four talent scouts and was part of the organization that won Super Bowl VI.

With the deftness of a Minnesota Fats and the approach of a combination Henry Kissinger/Charles Finley, he has diplomatically - yet - straightforwardly brought to Las Vegas a keen and active devotion to Rebel football. The titanic UNLV-Boise State football game last October is a living example of the involvement Meyer's Magic has brought the Rebel gridiron program. A total of 18,631 people crowded into the 16,100-seat Las Vegas Stadium to see the Rebels defeat the Broncos 37-35. It is the largest crowd ever to witness a sporting event in the State of Nevada.

Meyer appears to have the markings of one of the all-time great pigskin coaches, but time and fate will dictate much of his future. If ever there was a man who could change fate, however, it may just be this one. His highly-organized, well-disciplined, "equal opportunity for all, special privileges for none" LAS VEGAS WAY program is an eloquent example of the great accomplishments of athletics.

Coaches develop and cultivate All-Americans. At Purdue, he guided several supers in Bob Griese, Leroy Keyes and Mike Phipps. At UNLV there have been Mike Thomas and Joe Ingersoll. Obtaining all the little qualities that go into making him a complete, thoroughly-prepared coach, Meyer also has a demanding speaking tour, clinic assignment schedule, a radio show and a weekly half-hour television show in Las Vegas.

He is the composer and director of the UNLV football symphony and his music is becoming increasingly popular. Following the great Rebel season in 1974, Meyer's peers selected him as the District 8 Coach-of-the-Year in recognition of his accomplishments. He was also selected as an assistant coach for the 15th Annual Coaches' All-America game in Lubbock, Texas.

In college, Meyer was an All-Academic Big Ten performer and recipient of the Big Ten "Medal of Honor" for combined proficiency in scholarship and athletics in 1962.

In two productive seasons as the UNLV coach, Meyer has brought the school its first nationally-ranked football team, and its first team to compete in the NCAA playoffs. With the vigor, optimism and enthusiasm of youth, and the confidence of an experienced coach, he has a 20-4 won-loss record in just two seasons, directing a team that has re-written the school record book.

An active member in both the American Football Coaches Association and the Fellowship of Christian Athletes, Meyer and his wife Cindy have a very lovely family. Meyer is dedicated to the pursuit of excellence, and his goals and ideals will settle for nothing less. He is a shining leader in the UNLV athletic program.

STADIUM GLITTERS 
IN THE DESERT

Sitting like an oasis in the desert, the sparkling Las Vegas Stadium provides the location for UNLV's seven home football games this year. Built by the Las Vegas Convention Authority at a cost of $3.5 million, it has 15,000 permanent seats and 1,100 bleacher seats that have been added to the existing facility to bring its current seating capacity to 16,100.

The newest Astro-Turf facility in the United States, seven light standards provide enough brightness to broadcast color TV at night and the palatial facility, truly built in Las Vegas Style, has a fine press box and complete dressing room facilities for both the Rebels and their opponents.

Designed with the future in mind, ultimate expansion as needed calls for 60,000 seats and a triple-decked press box.

The stadium is located in East Las Vegas, approximately seven miles from the UNLV campus. In pre-season and spring practice, the Rebels host Saturday scrimmages at the stadium, otherwise practicing at an on-campus site.

Opened for the first time when the Rebels lost to Weber State College, 35-17 on October 23, 1971, the official stadium dedication ceremonies were held during the halftime of the UNLV-Western Illinois game on September 9, 1972. Western Illinois won a good game, 35-28, before 8,800 fans.

During the 1974 undefeated Rebel season, the stadium was twice sold out. On October 19, UNLV defeated Boise State University, 37-35, before 18,631 standing-room-only fans—the largest crowd in the history of the State of Nevada to ever witness a sporting event. Then again, on November 16, the sixth-annual Big Game was played at the facility, and the Rebels beat the University of Nevada, Reno, before another oversold house of 17,119 fans.

Everyone who has seen the stadium agrees that it is definitely another showplace in the entertainment capital of the world.

...and now it's time for a Cutty.
Don Speer was the captain of the Tropicana "team" in the "good old days" when it opened. Now he's back -- and with the new team he's assembled you can bet the good old days are back -- and with Don calling the shots they're here to stay.
