ALZHEIMER’S ASSOCIATION
BY KEALUALA NAHUINA

Service Learning Experience

Service to Community
Office work and running the informational booth at a health fair. In the office I would make calls or send emails to people who are looking to do volunteer with Alzheimer’s Association. I also would copy papers for upcoming meetings.

Semester Reflection
This service learning experience made me apart of a bigger movement for Alzheimer’s disease and it made me want to make a difference in society.

Pros
Met amazing people, gained experience in the office, and contributed to a positive change.

Cons
Getting to the site was costly because I had to Uber there every time.

Expectations
My expectations were there would be a ton of paperwork, which I got correct. Although, I didn’t expect to be running an informational booth.
