Following publication of the original article (Chien et al. 2020), the authors identified two errors;

- 1) The equations were not adequately presented since they all Greek symbols disappeared in the PDF version of the article.
The correct presentation of the equations is given below.

$$\text{Log}(\text{NP}_t) = \alpha + \beta \times t + \log(\text{Total}_t), \text{ where } t = 1, \dots, 38$$

$$\text{Log}(\text{NP}_{it}) = \alpha + \alpha_{i(t)} + \beta_1 \times I(i = 1) + \beta_2 \times I(i = 2) + f(t) + \log(\text{Total}_{it}),$$

where $i = 1, 2, 3; t = 1, \dots, 38$

- 2) The grey horizontal lines were missing in Fig. 1.
The correct figure is given below.

The original article (Chien et al. 2020) has been updated.
