Purpose

To adopt an official policy to establish a set of fees for charges that are fair and equitable for the use of facilities and equipment and the participation in programs sponsored by the Cary Parks, Recreation and Cultural Resources Department.

The Department’s mission is to serve, educate, and enhance the quality of life for the citizens of Cary. Our professional staff plans and provides a variety of enjoyable and cost effective recreation, sports, environmental, historical, and cultural arts programs and services. We acquire, develop, beautify, conserve, and maintain a system of parks, greenways, and recreation facilities which will assure quality leisure opportunities for all Cary residents.

Coverage

This policy, upon adoption by the Town Council, shall be applicable to all individuals for the use of facilities and equipment and the participation in programs conducted by the Parks, Recreation and Cultural Resources Department until such time as it is altered, modified, or rescinded by the Town Council.

Policy

The Cary Town Council hereby establishes the following Parks, Recreation and Cultural Resource fees and charges policy:

I. Statement of Need: Due to the demand for services, operating and capital cost, and the amount of available tax revenues, meeting the level of Parks, Recreation and Cultural Resources Services requested by Cary citizens is a continuing challenge. Therefore, it is necessary for the Town to develop a sound and consistent policy of fees and charges for Parks, Recreation and Cultural Resources services that are both fair and equitable. This policy will enable the Town of Cary to continue to provide quality recreation programs and make necessary program expansions which would not otherwise be possible.

II. Statement of Philosophy: A sound policy provides the guiding principles for managing fees and charges while maintaining flexibility to accommodate with new programs, changing demographics and circumstances. The following guiding principles provide the foundation for the Town’s philosophy for Parks, Recreation and Cultural Resources Fees and Charges:

A. To efficiently manage operations in order to provide affordable and diversified services to ensure all Cary citizens equal opportunities.

B. To enhance the quality of life for each individual through recreation opportunities.

C. To provide and maintain facilities for use by the general public.

D. To provide trained and qualified personnel for supervision and instruction in programs and activities.

E. To welcome and actively seek public input in planning and evaluating programs, activities, and facilities.

F. To provide the opportunity for all Cary citizens to participate in a variety of programs and activities and to fully utilize the facilities of the department.

G. To ensure that Cary citizens receive the benefit of lower fees and priority registration.

H. To establish revenue recovery rates that consider market conditions and the cost of providing programs and services.

I. To supplement fees and charges with tax dollars, grants, donations, sponsorships, scholarships, etc.
III. Service Level Definitions

A. Basic Services: Basic Services tend to preserve and promote physical and mental well-being of the community, provide patron safety, and offer an opportunity for Parks, Recreation and Cultural Resources services, facilities, greenways, and open space to be used by the general public. Typically basic services are available to all Cary citizens on an equal basis and there is little consumptive use of services. Basic services and facilities shall be offered to Town residents at minimal or no charge.

i. Basic Services provide general use of parks and outdoor areas such as basketball slabs, open play areas, ball fields, picnic areas, playgrounds, greenways, comfort stations, and satellite tennis courts.

ii. Basic services provide for indoor facilities and amenities to include but not limited to community centers, senior, nature, arts, and history facilities.

iii. Basic services include but are not limited to town-wide special events and celebrations, program and facility information, community assistance, program planning, public art access and administrative support.

iv. Cost of basic services and facilities shall be primarily borne by the general tax base.

Criteria for Establishing Fees and Charges for Basic Services

i. Charging a fee aids in the provision of activities of a special interest nature that extends beyond the normal operation. Basic services will continue to support citizen’s need with none or minimal charges and not on the propensity to generate revenue for services provided.

ii. When basic services are used, any fees charged for the use of the public recreation facility shall be viewed as a method to continue to provide basic services.

iii. Charging an entry or admission fee to a special event allows for revenues collected to be used in expanding or enhancing the special event.

iv. Charging fees may also serve as an independent function to ration limited activities and aid in discipline or control.

B. Supplemental Services: Supplemental Services provide traditional parks and recreation activities that benefit the individual and the community as a whole. Supplemental services are available to Cary citizens on an equitable basis; however, participation is limited based on program and space availability. Supplemental services provide an extended level of benefit for users.

i. Supplemental Services require facilities, supplies, equipment, and/or considerable staff planning and supervision specific to the service. These types of services benefit both the participant and the community due to their educational, cultural, or physical value.

ii. Some examples of Supplemental Services include but are not limited to instructional programs, summer day camp, senior programs, teen programs, concerts, open gym, performances, and youth/adult athletics programs.

iii. The user shall share in the cost of providing supplemental services to offset tax dollar support.

Criteria for Establishing Fees and Charges for Supplemental Services

i. The determination to assign a fee for a supplemental service shall be based upon one or more of the following conditions.

   a. The cost per user hour of the service is higher than basic service.

   b. The service uses consumable materials.

   c. The service requires added preparation or clean-up.
d. The service requires contracted services or instruction at an additional cost.

e. A fee supports the provision of activities of a special interest nature that extends beyond the normal basic service.

f. Fees shall be charged to recover supply costs directly related to the supplemental services.

ii. Use of the service tends to be limited to a relatively few individuals or special interest groups of a private nature. Whenever the benefit to the general citizen population is limited, a fee may be assessed

C. **Special Services and Facilities**: Special Services and Facilities are beyond the scope of traditional leisure services. They primarily provide exclusive benefit to individuals based on public demand and population served.

i. Special services include but are not limited to organized tournaments, trips, private group programs and retail operations.

ii. Special facilities include but are not limited to reserved areas, lighted ball fields, Tennis Center, picnic shelters, Skate Park, ropes course, soccer/ball field complexes, amphitheater, and specialized reserved equipment.

The License Agreement will contain fees and charges estimated to recover all direct costs and a portion of the estimated indirect costs.

v. Town’s Co-Sponsored Event: Services that are organized, promoted and conducted in part by an outside agency, organization, or individual(s) and are the negotiated responsibilities of both parties as defined by a written Agreement. Any fees assessed to the outside group for facility use shall be established to recover the Town’s direct cost at minimum.

Agreements entered into by the Town for operation of any special facility for management by a private sector entity will specifically address fees and charges within the management agreement.

viii. Fees and charges shall support other resources available to the Parks, Recreation and Cultural Resources Department, not replace them or be used to reduce the Town’s responsibility to provide public open space and leisure opportunities. They provide a means to continue, and expand as necessary, and the ability to offer, basic, special services and special facilities to Cary citizens. Any surplus revenue from one program may be utilized to offset costs for other programs or activities within the.
